

New Zealand and Australia Society of Renal Dialysis Practice Inc. (NZASRDPI)

Information for International Applicants

The information contained in this document is for individuals intending to apply for NZASRDPI membership who currently reside outside of New Zealand or Australia.

In order to practice in New Zealand and Australia as a clinical renal physiologist, NZASRDPI membership is strongly recommended. To practice in New Zealand, a registration through the Clinical Physiologists Registration Board (CPRB) is required.

Application for NZASRDPI membership must be completed through the NZASRDPI website www.nzasrdp.com Please ensure all fields of the application form are completed, including uploading:

- Certified copies of physiology qualifications (stamped and certified by solicitor/notary/justice of the peace etc.)
- Certified copies of current registration certificate/s from the country in which you are residing and any other relevant documents
- Certified copy of International English Language Testing System (IELTS, or equivalent) results with a score of 6.5 or above

Applications for membership are not processed until an offer of interview is received from a prospective employer; this is to prevent potential members paying unnecessary membership fees. Once an interview is offered and accepted, please contact admin@nzasrdp.com and your application will be processed (assuming application meets NZASRDPI standards of practice).

When your application is processed, you will receive an email prompting you to log into the member area of the NZASRDPI website to pay your membership fees (please note that membership fees are payable annually for all or part of the financial year, commencing July 1st). Payment of your membership fees confirms your membership which is necessary for CPRB registration. Please see www.cprb.org.nz for further information regarding registration in New Zealand.

Initial membership is granted on a provisional basis. Applicants who have qualifications/certifications considered equivalent to New Zealand and/or Australian

qualifications, competencies and standards will be granted NZASRDP membership. Further conditions may be required in order to progress to full membership.

Questions should be directed to admin@nzasrdp.com
