## Journal Club Guidelines

- All journal articles **must** have the permission of the principal author to be used
- Journal club articles may be coordinated by an individual or group from the nominated hospital/organisation
- Coordination of the journal article includes:
  - Selection of a journal article – this may include but not restricted to renal topics
  - The development of 5-10 questions (as a guide) that are relevant to the chosen journal article – these **must** be multiple choice with 4 answer options
  - Submission to [admin@nzasrdp.com](mailto:admin@nzasrdp.com) two weeks prior to the nominated date
- Each submission should include:
  - The journal article
  - The multiple choice questions with correct answer provided
  - Evidence that permission has been given to use journal article from the principal author
